

SIMPLIFIES GLOBAL RECEIVABLES

Do you experience delays in collecting payments from international customers, incur unnecessary costs and difficulties in reconciling payments? You are not alone!

TransferMate's Global Receivables enables businesses to simplify their overseas international collections.

HOW OUR GLOBAL RECEIVABLES SOLUTION CAN WORK FOR YOU?

Utilise TransferMate's Global Payments network to eliminate sender and receiver fees.

High volume collections platform, to control, manage and streamline payment requests suitable for Corporate / SME customers.

Full visibility from payment request to receipt.

- ⊕ Improved experience for your customer with no international fees
- ⊕ Regulated payments platform
- ⊕ Highly competitive FX rates – no sender or receiver fees

- ⊕ Bill in domestic or client currency
- ⊕ Simple reconciliation – invoice number tracked, amount paid = amount received
- ⊕ Improve your cash flow with speed of collection

Entering new markets and collecting overseas payments is now simple, with TransferMate's Global Receivables solution. This is made possible through TransferMate's extensive global regulatory footprint, global network of domestic bank accounts and our bespoke payment technology solution.
